"My Love Is Real"

Visit "[My Love Is Real](#)" on MotoLyrics.com

Do i need to say it?
You should know my love is for real
(for real, yeah)
Don't make me explain it
You should know the way that i feel

Got me - warm heart feeling baby
Swear my heart stop beating baby

Do i need to say it?
You should know my love is for real
My love is for real
That's how i play it

Let the tingling grow inside me
Love thy precious gold inside me

(call me)
When your love comes creapin? baby
(call me)
Got me non-stop freakin' baby

Do i need to say it?
You should know my love is for real
My love is for real
Thats how it's stayin?

Let your warmth unfold invite me
Love thy precious gold inside me

Evertime i dance
Wanna make a little love
Evertime i dance
Wanna make a little love

Do i need to say it?
You should know my love is for real
Don't make me explain it
You should know the way that i feel
