(I know what buttons to push to turn a man on)  
Yeah

I can make you blush  
I can make you sweat  
Make you come over all possessive  
Like I'm your angel to protect  
Make your heart beat at 134 beats a minute  
Think your life's empty without me in it  
But what you don't know won't hurt you  
So I keep it to myself that I'm crazy about you

"Treat them mean to keep them keen"  
An expression a hard lesson that I had to learn  
Cos when I give my heart too easily  
That's when I get burned

I know what buttons to push to turn a man on  
Doesn't mean I'm gonna push 'em with you that would  
be wrong  
Gonna strip away my make up, what you get is what  
you see  
No trix, no games just me

I can make you beg (yeah)  
Make you lose your breath  
I can get you feelin' all embarrassed  
Like you're standin' there undressed  
When I turn it on I can be magnetic  
Then make you think that you're not gonna get it  
Pull your strings make you do anything  
With you never knowing that I'm crazy about you

"Treat them mean to keep them keen"  
An expression a hard lesson that I had to learn  
Cos when I give my heart too easily

That's when I get burned

I know what buttons to push to turn a man on (to turn a  
man on)  
Doesn't mean I'm gonna push 'em with you that would

be wrong  
Gonna strip away my make up, what you get is what  
you see (see)  
No trix, no games just me (just me)

Behind the smoke and mirrors there's a girl you never  
see  
(No trix, no games, no illusions, no fantasy)  
And I want you to know her cos she's the real me  
(No trix, no games that's the way it's got to be)  
That's the way it's gotta be, yeah

I know what buttons to push to turn a man on  
(To push to turn a man on)  
Doesn't mean I'm gonna push 'em with you that would  
be wrong  
(That would be wrong, yeah)  
Gonna strip away my make up, what you get is what  
you see  
(What you see is what you're gonna get)  
No trix, no games, just me (no trix, no games, just me)

I know what buttons to push to turn a man on  
(To push to turn a man on)  
Doesn't mean I'm gonna push 'em with you that would  
be wrong  
(That would be wrong)  
Gonna strip away my make up, what you get is what  
you see  
(What you get, is what you see)  
No trix (no trix!)  
No games (no games!)  
Just me
