Suddenly my choice is clear  
I knew when only you and I were standing here  
And beautiful is all I see  
It's only you, I know it's true, it has to be

Well that money isn't worth a thing  
If you didn't earn it, you don't deserve it  
True love doesn't cost a thing  
And if you try to buy it, you can't return it  
No, no no-oh

Your friends are doing all the same things  
And my friends say look at what you're wasting  
Well it doesn't matter if we change their minds

Suddenly I can see what I didn't before  
And I don't care what they say anymore  
~Cause I'm falling, falling  
Finally falling, falling

I don't need all the finer things  
Diamond rings are nothing, so show me something  
~Cause love is all I need  
All I ever wanted and now I've got it  
Yeah, yeah-e-eah

My friends are wondering what we're thinking  
And your friends, they probably think the same thing  
Well it doesn't matter if we change their minds

Suddenly I can see what I didn't before  
And I don't care what they say anymore  
~Cause I'm falling, falling  
Finally falling, falling

If you can't find love when you're in it  
Just forget it  
You would change your mind once you get it  
Don't you get it?  
~Cause we did it  
Yeah we did it  
Well we did it

Suddenly I can see what I didn't before  
And I don't care what they say anymore  
'Cause I'm falling, falling  
Finally falling, falling
