We can't stop you know we'll never give it up
People talk but we just don't care

In this life you know you gotta live it up

So everybody put your hands in the air now

It's an all night party that we getting into

If you think it's all over then the joke is on you

It's a dream

It's a scene and it's all brand new

If you think you can stop it then the joke is on you (x2)

We did it, we did it again (ah oh) (x4)

It's an all night party that we getting into

If you think it's all over then the joke is on you
It's a dream

It's a scene and it's all brand new

If you think you can stop it then the joke is on you

So everybody put your hands in the air now

It's an all night party that we getting into

If you think it's all over then the joke is on you

It's a dream

It's a scene and it's all brand new

If you think you can stop

It's an all night party that we getting into

If you think it's all over then the joke is on you
