Slowly things,
Start to fall in - Place me in,
Your arms till the sun comes up,
Morning brings us glory tales of a new day.

This fantasy, reality, say so, say so to me.

There is only one.
Found my soul's station.

Steal this heart,
For the end of time is ours,
For the taking.
You are all,
I see in my dreams seems like beauty to me.
How can all past mistakes just fade away,
With two eyes looking into me?
My stomach's churning,
Hold me please love me till the end.

There is only one.
Found my soul's station.
You are only one and there is only one.

Another time,
Another place,
Another choice for you to make.
You crave me.
Inside your mind,
There lies a safe
Holding your trust for me to take.
Please save me.

There is only one.
Found my soul's station.
You are only one, and there is only one.
