Talk of the jester I have been  
Talk of the fool given damn about  
Talk of attention I did seek  
Talk of the lack you show no regard to

Chance that I took  
Stakes that I staked  
Thoughts in my head that someday there's maybe  
Mask that I wore  
Masking what I feel  
But truth that I face revealing  
Thing is

You don't know me  
You don't want me  
You don't hear me  
No at all  
You walk by me  
Recognize me  
You smear side me  
Then just go

And I don't just wanna be just a shadow  
And I don't just wanna be just a shadow  
If only, if only, if only  
If only, if only, if only you'd know

Think how ambivalent must feel  
To not exist seem invisible  
Talk of the hurt weight it placed on me  
Talk of your careless while I lay marred

Tired of myself  
Feeling what I felt  
Never saw chance that the someday would not be  
Can't figure out my head  
Or why how I fell  
Truth it be told  
That can't hide the thing is

You don't know me

You don't want me  
You don't hear me  
No at all  
You walk by me  
Recognize me  
You smear side me  
Then just go

And I don't just wanna be just a shadow  
And I don't just wanna be just a shadow  
If only, if only, if only  
If only, if only, if only you'd know

The question could I cause  
The question could I pause  
To stare the grid straight  
Peering through your own eyes  
And the moment when I cope  
Is the moment when I stopped  
And dealt with this plan mishap of mine

You don't know me  
You don't want me  
You don't hear me  
No at all  
You walk by me  
Recognize me  
You smear side me  
Then just go

And I don't just wanna be just a shadow  
And I don't just wanna be just a shadow  
If only, if only, if only  
If only, if only, if only

(And I don't just wanna be just a shadow)  
If only, if only, if only  
(And I don't just wanna be just a shadow)  
If only, if only, if only  
You'd know
