Alcohol fueled heavy metal crazed
Psycho is a word I know
Headbanging, fist slamming
I got a taste for breaking the law
Fat slappers, dirty mingers
Round 'em up, feed them to me
Headbanging, fist slamming
I've got to cure this heavy metal disease

Heavy metal and a belly full of whiskey
I turn the volume til the speakers explode
Skull heaven dirty denim
Beer and weed is all I need
Sex addict, I'm always at it
My bitches moan when I pull away
Stomach ill, another pill
I need to cure this heavy metal disease

(Chorus)

I'm a heavy drinking, heavy metal
Psycho sex machine

Give me the beer
Give me the bitches
Give me the drugs
Let me trip out on your love
