Too dumb to speak to me  
Too stupid to lie  
I think it's something in the water  
You  
You're one in a million  
About a million miles away from using your head

I'll keep you up until the drinking is done  
I'm on the whiskey shots  
I need that golden invitation  
It's time  
Time to be taken  
I need to taste your filthy reputation

(chorus)

The wizard sleeve is the place I want to be  
I'm out of breath and I'm starting to sweat  
I'm on a drinking high  
I've dealt an ace now I think it's time to seduce you  
You  
You're one in a million  
You've got the sugar but you're still not using your  
head
