Wipe the sadness from your eyes  
Force me not to tell you lies  
While I lay here next to you  
Keep the fire warm and bright  
Make me last all through the night  
Take from me all that you can  
Fall asleep on me  
And in your dreams you'll see  
That there ain't no way  
That you can tie me down  
And when morning breaks  
And you awake  
I won't be around  
No where to be found  
I'll be far away

Wait not for me  
While I'm young and free  
I will stay but for a day  
And you will see me  
Come and go away  
Wait not for me  
While I'm young and free  
I will stay but for a day  
And you will see me  
Come and go away

I keep my heart locked in a box  
No loving woman is enough  
Cause the road I travel's  
Got a hold on me  
I ain't got no home address  
Never striving for success  
I just live from day to day  
I lay my body down  
On the barren ground  
Camp fire light will keep me  
Warm and safe from harm  
And when morning breaks  
To the road I take  
I won't be around

Nowhere to be found  
I'll be far away
