Three years and change we've been together
I don't think I've ever felt this way
Woke up side by side one weekend morning
Sweet sweet sound of the warm pouring rain

She looked at me and I looked at the ceiling
She turned and kissed me on the cheek and I got a real
good felling

No no, don't go, lets waste the day away
Our options are open
We'll have it all if you just stay
If you just stay

It's a Saturday morning feel, that brings me close to
you
It's a Saturday morning feel, that keeps me living home
It's a Saturday morning feel, to know that I can do
anything that comes to mind

Lets get down and swim the sea of blankets
And let the radio play in the other room
I'd love to paint a picture of the way you look right now
But I just don't have the colors to throw my soul around

I know you've got somewhere to be, oh the same thing
with me
But I can't leave that easily, oh easily

It's a Saturday morning feel, that brings me close to
you
It's a Saturday morning feel, that keeps me living home
It's a Saturday morning feel, to know that I can do
anything that comes to mind

And I can see that I have seen her at her best
10 A.M. and her guard is down
You think I'd fall about and lay this to rest
We make mistakes sometimes, I can solve mine

It's a Saturday morning feel, that brings me close to
you

It's a Saturday morning feel, that keeps me living home
It's a Saturday morning feel, to know that I can do
anything that comes to mind
