I'm falling down on you, where are you from
What else can I do, you're so beautiful, how can I go on
If I lose it all, would you go down on me
I don't even know, the things you want me to see
Waiting for you
Thinking of you
Give into me, I'll make you blue
I wanna know if you feel the same
You're mine, I'm ridin' high like an aeroplane
I wanna give you what you need,
But I don't dare to ask
I got no self-esteem,
I don't blame my past
Waiting for you
Thinking of you
Give into me, I'll make you blue
I wanna know if you feel the same
You're mine, I'm ridin' high like an aero plane x4
