You're a star - I'm afraid of heights
Overcome my anxiety
I'm a star - should and used to be
If only in your eyes
Be too young - or too old
In the midst of Millenia.

Shouldn't have been you and me
Still no other way I see
- Anomaly

These things happen 'cause they can
You're my girl and I'm your man

Dunno, That's the reason
Set in motion long ago
Used to be some kind of treason
Illegal at least, for sure

Shouldn't have been you and me
Still no other way I see
- Anomaly
Perfect picture made of flaws
I have none I give my all
-Anomaly

Shouldn't have been you and me
Still no other way I see
- Anomaly
These things happen 'cause they can
You're my girl and I'm your man
-Anomaly

We are one world
We are worlds apart

Shouldn't have been you and me
Still no other way I see
- Anomaly
Perfect picture made of flaws
I have none I give my all

-Anomaly

Shouldn't have been you and me
Still no other way I see

- Anomaly

These things happen 'cause they can
You're my girl and I'm your man

-Anomaly
