I see the headlights on the highway
I'm standing in the rain
Gonna hitch a ride to nowhere
Shake off Mary Jane

Ashes to ashes
Leave it in the dust
Don't worry about missin' me
You do what you must, whoa

Change, no, you can't change me
Into something I could never be
Sure nuff plain to see
That you can't, you can't change me

Are we losing our connection
Are you somewhere on the line
Yeah, I'm hearing your suggestion
But it's too late, too late here tonight

So many reasons
Everybody's out of time
I'll take my chances. baby
Ooh, ooh, and take what's mine

Change, no, you can't change me
Into something I could never be
Sure nuff plain to see
That you can't, you can't change me

You know you're something to see
But you can't, no, you can't change me
You're somewhere in tomorrow
I'm stuck here in today
Got more trouble than a man can borrow
When you're livin' it up, livin' in outer space

Change, no, you can't change me
Into something I could never be
Sure nuff plain to see
That you can't, you can't change me

Change, you can't change me
Yeah, I bet you're something to see
But you can't, no you can't change me
