Daddy's in the bathroom
Mama's on the streets
Garden party soiree
Makes no sense to me
Sirens in the background
Gunshots I can't see
Won't anybody listen
To a child of three
Can't you see me oh ya/can't ya see me now
Don't you need me oh ya/don't ya need me now

Please feed me oh ya/one less mouth to feed
Can't you see me
Cryin' from the hunger
Of a love that isn't there
Nothing really matters
Cause no one really cares
Starin' out the window
There ain't nothin' I can't see
Is this my future
Is hell my destiny
