There's a little old place down south of La Grange  
Where the whiskey flows and the nights go on for days  
My home on the range

There's a sultry queen, set her sights on me  
Was the best damn thing that I ever seen, oh yeah  
She's Evangeline

That preacher's daughter  
She took off her leather dress  
She pulled me into sin  
And now I must confess

She's a sister, sister of pain  
She's a knock down, drag it out, lick it up, do it again

Such a sweet young thing, took a bite out of me  
She spread her cards out for all the world to see, oh  
yeah  
I went willingly

She walked me back to a darkened room  
Said, "This one's on me boy"  
I want to see you howl at the moon and I'm talkin' soon

That night I saw the light  
I'd never seen before  
When I thought my time was up  
She said, "How 'bout a, a little more?"

A sister, sister of pain  
You're a knock down, drag it out, lick it up, do it again,  
oh yeah

For the sister, sister of pain  
Drop down, spread 'em out, open up, it's only a game

Suck your soul, make a blind man see  
With a touch of her hand, brings a devil out of me  
She held up a sign, said, "I have no fear"  
We got liquor up front and poker in the rear

Sister, sister of pain  
You're a knock down, drag it out, lick it up, do it again

Sister, sister of pain  
Drop down, spread 'em out, open up, it's only a game

Yeah, sister, sister of pain  
'Cause you're a knock down drag it out, lick it up, do it  
again  
Yeah, sister, sister of pain
