I try to search but it's hard to find  
Find a reason, leave it all behind  
I made a promise that I wanna keep  
To spend my days with you

You're the light when I'm feeling dark  
You're the stranger that confused my heart  
One step forward and two steps back  
We're the right train running on the wrong track  
We're the right train running on the wrong track

(This is for you) This is for you  
This is for me  
This is for love we left in history  
Don't blame it on you  
Don't blame it on me  
Blame it on the trip we got to guarantee  
This is the day, this is the time  
Don't hate on me

I try to reach but it's way too high  
High up in the sky where I can't fly  
I like you gone but I wonder why  
Why I'm missing you

You're the sun when I'm feeling rain  
You're the needle when I don't need pain  
One step forward and two steps back  
We're the right train running on the wrong track  
We're the right train running on the wrong track

(This is for you) This is for you  
This is for me  
This is for love we left in history  
Don't blame it on you  
Don't blame it on me  
Blame it on the trip we got to guarantee  
This is the day, this is the time  
Don't hate on me

Oh don't hate on me, don't hate on you

We're the right train running on the wrong track  
We're the right train running on the wrong track

(This is for you) This is for you  
This is for me  
This is for love we left in history  
Don't blame it on you  
Don't blame it on me  
Blame it on the trip we got to guarantee  
This is the day, this is the time (x2)

Don't hate on me
