gotta get away from the rain
i wonder if you feel my pain
sometimes i just need a little space
to clear my mind
try to erase...

all the bad memories we shared
i don't wanna re-live
but my mind takes me there
all the bad memories we shared
will they ever go away my tears, my tears

maybe i just need a change of scenery
tell me what you think about us relocating
i just see the same faces and places every day
lets leave this old place behind
lets start a new life
get away from..

all the bad memories we shared
i don't wanna re-live
but my mind takes me there
all the bad memories we shared
will they ever go away my tears

all the bad memories we shared
i don't wanna re-live
but my mind takes me there
all the bad memories we shared
will they ever go away my tears

all the bad memories we shared
i don't wanna re-live
but my mind takes me there
all the bad memories we shared
will they ever go away my tears
