You know all the buttons to push on  
and you know just what to say to make me go crazy  
you know what you just come too far  
and some days is just have you are, you are, you are

Pre chorus:

Just wanna know about to let you go, let you go  
something tells me, I'll be making a big mistake  
and nobody else can love me, else to love  
in the way you do  
I got a feel and met that..  
so people are there, uh  
who wish they have my problems oh?  
I'll be making a big mistake  
although we argue and fight all the time  
I know that we can solve them.

Chorus:

There is some people out there, who wish they have my  
problems  
I'll be making a big mistake  
although we argue and fight over time,  
you're still my ..  
I know that we can solver them, solve them  
I'll never leave it baby

You know how just to get up in action  
if you know when to be a perfect distraction  
you know how to make a mountain  
out of the smallest some fraction oh baby

[Pre Chorus:]

Chorus:

There is some people out there, who wish they have my  
problems  
I'll be making a big mistake  
although we argue and fight over time,  
I know that we can solver them, I'll be right there  
I'll never leave it baby

You are still the most beautiful woman  
I've ever seen and that's a fact baby  
girl when you..baby still further  
say as it is the day we felt..  
I can't imagine someone else ..  
up in this going know where I'm hoping  
we can get through, don't wanna close this time  
there are people secretly waiting for you

[2 x Chorus:]
