Yo,eskiboy(oi yeah oi)
(its roll-deep-crew)

Yo
I can feel em gettin closer to me
I heard they'r searching for me high n low they wanna
kno me,now ok
I can feel me getting closer to them,
I've got that strap on the back of my mind n im
prepared to take them down(down) ye
I can see her,shes tryin to get revenge
I treated her badly,now she's on her way to being angry
I can see it,im gonna be that boy from E.3,
Living through the t.v,the soldiers thy'r behind me
waiting
Im on the way to the top and im gonna take ma area
straight to the top with me
There's more artists where i came from they'l be
treddin' after me
Watch this space im settin the pace like dizzee
I represent the underground,that's where i get busy
My names wiley,call me eskiboy,cant tes me boy im
blessed rudeboy
Rip that 's' off your chest rudeboy,ill make you go
home sit down and practise boy
You can't match dis flow,im treddin' on thin ice with this
flow
Roll deeps behind me bro (yeah!)
It's that to time to get going
(chorus)x2
Now im treddin on thin ice
Im at the end of ma tempo,ill be like this forever
Im treddin' on thin ice
It's like i don't learn coz iv'e made the same mistake
more than twice

Im pissed coz,for the last year and a half ive been
wasting time
Creating hatred(time),im still learning the basics(time)
But im a boy this time,ive got it locked this game is
mine

Girls come girls go...oh well that's life
Im a cheat from the street...oh well that's life
No u can't take my wife im single,I can take your life
It's grind time,wheres the grim,treddin on thin ice
Come here,let's not get up in relationships(long ting)
Commitment,that's a long ting
Its beter if we'r linking,no strings attached
Lets tread on thin ice
Girl gets attracted to boy in less than five minutes
Watchin a dvd in the teak spot in ten minutes
Then im guessin that it's time to, hit the back seat
Pull your thong to the side,so that he can meet her
The phone is ringing it's her man,he is trying to find
her
But,she is with me,she gives me the ultimate sex
(chorus)x2
Im treddin on thin ice
Im at the end of ma tempo I'll be like this for ever
Im treddin on thin ice
It's like i don't learn coz i've made the same mistake
more than twice
