Come to me my people, come  
There's no need to be afraid of your Father  
When I see you I will run  
I will be there, I will be there

Before you call, I will answer you  
While you still speak, I will hear  
My ears are turned to the cry of my chosen ones  
In my love you can rest in me  
For you are my very own  
So hold on to the hope you have  
That I would draw you to myself  
For I will never leave you alone

I will not forget you, I gather my lambs in my arms  
So I will comfort you and carry you close to my heart
