Lord of glory, Lord of might, we lay our crowns down
No flesh will glory in your sight, we lay our crowns
down
Every government in every land, we lay our crowns
down
There is none that is higher than, we lay our crowns
down

We'll seek no earthly title
Let our names in Him be found
We turn our backs on every idol
We lay our crowns down

Perfect Lamb, perfect Son, we lay our lives down
Oh come to earth, a blameless one, we lay our lives
down
Sacrifice to set us free, we lay our lives down
Bruised for our iniquity, we lay our lives down
