It's all about Jesus
It's all about the way he changed our lives
It's all about Jesus
The power of his blood can't be denied

It's all about Jesus
It's all about the covenant he made
It's all about Jesus
Victorious he rose up from the grave

We lift our hearts to him
He is the reason that we sing
Hallelujah, hallelujah, hallelujah
We praise your name

It's all about Jesus
It's all about the way he set us free
It's all about Jesus
Wearing every sin at calvary

It's all about Jesus
It's all about the gift of love he gave
It's all about Jesus
Precious lamb of God us was slain
