Let the poor man say I am rich again
Let the lost man said I am found again
Whoa, let the river flow
Let the blind man say I can see again
Let the dead man say I am born again
Whoa, let the river flow
Yeah, yeah, yeah, let the river flow.

Let the river flow
Let the river flow
Holy spirit come
Moving power
Let the river flow.

Let the poor man say I am rich again
Let the lost man said I am found again
Whoa, let the river flow
Let the blind man say I can see again
Let the dead man say I am born again
Whoa, let the river flow
Yeah, yeah, yeah, let the river flow.

Let the river flow
Let the river flow
Holy spirit come
Moving power
Let the river flow.
