Lyrics:

Hook:

Until my bank account ain't got stacks  
Until the people on my block ain't got my back  
Until I fade away  
You can Hate away

Until I fail and fall off the map  
Until the whole world ain't listen'n to my tracks  
Until I fade away  
You can hate away

Verse One:

Now let me tell you about this life of mine  
its been a long time coming got alot on my mind  
yea i stay on the grind sun up to sun down  
ain't anotha mothafucka that can touch my sound  
you feel my pain every time that beat drop  
not to mention feel that tention when i make the bass  
knock  
strictly business instrumentals man i make that shit  
rock  
Yea..... and i never plan to stop  
hip hop daddies coming home.. Mr. entertainer you can  
find me in the zone  
better yet the studio that would be my home  
spreading love to the world now from here to hong  
kong"  
(Refrain)

Verse Two

you can go and hate away I'm balling till i fade away  
I'm always making music and that love you'll never take  
away  
i thank my mom and dad for the way they raised me

haters will never take me my skill is to amazing  
but still i amaze thee my vision's getting hazy  
there's phonies all around dear lord can you save me

take me to another world where cant nobody touch me  
take me to another world where everybody loves me  
they call me Mike Bo brighter than a light show  
i want respect till i get it I'm gonna fight for  
I'm gonna die for what i know is right  
and the feeling that I'm feeling man is simply outta  
sight  
(Refrain)

#### Verse Three

i never claim to be the best at what i do  
but I'm loving what i do lets just take a look at you..  
man you weak you never bringing heat  
you ain't got it like i got it you ain't blessing every beat  
and we ain't even in the same kinda mind frame  
you just playing mind games you wont get in my way  
when i came into this world i was born a playa  
and when you came into this world you was born a hata  
ill see you lata I'm going to get my dream now  
letting everybody know I'm stepping on the seen now  
and though it seems how everybody hates  
i was sent from up above so i know its no mistake
