over sea's international  
to a place that i don't know  
but what i know is  
is the place to go  
so you know  
the grass is  
is more green  
than my green  
at their house  
that's why i had to get a house  
in a city that I can't pro pronounce  
but i don't wanna bounce  
and, i don't wanna leave leave  
i just wanna be by the sea  
underneath a couple palm tree's tree's  
i just wanna get it poppin  
in a place where english ins't an option  
caution, before you pass port, better have your  
passport  
come one

##### Verse 2

I was like damn,

this, might be the sexiest place  
that my passport's ever went went  
then i went to rome  
where i got my ceaser on  
then i grabbed some italian dressing  
and got my ceaser on on  
WHAT!  
that i boughta, ferrari to take me to sparta  
where i went for the kicks  
and ended up leaving with 300 chicks  
shit shit  
now they call me mario  
cause i know how to lay that pipe  
so if you wanna do me right  
ya passport better be nice

### Verse 3

i see london  
i see france  
than i saw some underpants  
when i was there  
i couldn't tell you how many  
french briziarre's, aire's  
i made disappear  
like poof  
then ew la la  
you know a little bit of that  
a little more of this  
and a lot of french kiss  
shit shit  
then i said in french, dip  
don't be a chip  
on my shoulder than i told her  
i got places to be

she said wee wee

now we got to go  
and drift to tokyo
