I dreamed a dream, I dreamed of bliss.  
I use to dream with the one I miss...  
I wake alone, everyday...  
Life has changed, Im not the same I must...

Close the door, get in my car.  
Take a drive, but not too far...  
When things collapse, cuz all things must pass...  
Then I'll live today as if it were my last.

They'll come a time, They'll come a place.  
Where all the things I loved and graced...  
Will be as one, and begin to grow.  
If I learn how to let go...

Of all the things that were done wrong.  
Of all the tears that made me strong.  
Of all the pain of long ago...  
Of all the answers I'd wished to know.

( Get up get In get up get up In it...)

I'll tell you this...when we reminisce...  
We always think of the one's we miss.  
Slow the hurt...  
Slow the blow...  
Slow at first...  
And slow it does go.

And in the end, when Im dismissed.  
Im sure to find that sea of bliss...  
And a ray of light, thats golden white.  
With a blissful kiss of a summer's night...

Back track a minute today...  
If there's something in your way that you cant escape,  
You know you gotta get your back track a minute  
today...  
If there's something in your way that you cant escape....  
You know you gotta get it..

They'll come a time, They'll come a place.

Where all the things I loved and graced...  
Will be as one, and begin to grow.  
If I learn how to let go...

I dreamed a dream, I dreamed of bliss.  
I use to dream with the one I miss...  
I wake alone, everyday...  
Life has changed, Im not the same I must...
