"If You Could Read My Mind"

Visit "[If You Could Read My Mind](#)" on MotoLyrics.com

If only I could your mind
If only I could your mind love
If you could read my mind love, what a tale my
thoughts could tell
Just like an old time movie 'bout a ghost from a wishing
well
In a castle dark or a fortress strong with chains upon
my feet
You know that ghost is me
And I will never be set free as long as I'm a ghost that
you can't see
(If only)
If I could read your mind love, what a tale your
thoughts could tell
Just like a paperback novel, the kind the drugstores sell
And when you reached the part where the heartaches
come, the heroin would be me
But heroins often fail
And you won't read that book again because the
ending's just too hard to take
(If only I could your mind love)
(If only I could your mind love)
I'd walk away like a movie star who gets burned in a
three way script
And enter number two
A movie king to play the scene of bringing all the good
things out in me
But for now love, let's be real
I never thought I could feel this way and I've got to say
that I just don't get it
I don't know where we went wrong but the feeling's
gone and I just can't get it back

Ooh baby
(If only, if only you could my mind love)
(If only, if only I could your mind love)
Ooh baby, you see
I'd walk away like a movie star who gets burned in a
three way script
And enter number two
A movie king to play the scene of bringing all the good
things out in me

But now, let's be real
I never thought I could feel this way and I've got to say,
I just don't get it
I don't know where we went wrong but the feeling's
gone and I just can't get it back
(If only, if only, if only I could your mind love)
(If only, if only, if only I could your mind love) If I could
read your mind
(If only, if only, if only I could your mind love) Ooh, what
a tale your thoughts could tell
(If only, if only, if only I could your mind love) Come on
baby, come on baby, won't you let me read your mind
(If only, if only, if only I could your mind love) Wanna
read, read your mind
(If only, if only, if only I could your mind love)
