(Originally recorded and released on the "Fast Food Thrash Metal Compilation" by IndependÃªncia Recs.)

Running through the battlefield  
Stepping on corpses  
A scene of terror has taken all sights  
Nothing to do for their miserable lives

Can you feel my burning eyes?  
They're consumed by pain  
I'm fighting for no reason  
Dying by the man on command

The shadow of death!!!

Face to face with enemy  
He isn't different from me  
May God has mercy for his soul  
Cause I won't have it

I can't take this hell anymore

Struggle to escape from this place  
I've nothing more to loose  
Except for my chains

The Shadow of death!!!

God is away. Awake. Wake to die.  
Live in demise, walk in the edge of the sanity.  
Vision goes blind; heart goes dark, waiting the  
sentence to burn  
Kill innocents is to kill, to fade, yourself.

Drowned in a sea of hate  
total disorder  
March into devastation  
Living in torture  
Pain! Inside of me! No hope  
You gonna die
