Crushed and hit by
An unexpected force
A vital part of the pestilence
Was ripped off

Pleasure to kill,
Survive the Eternal Nightmare
A sick mind is possessed by Fire
Legacy of Socialized Hate
Rise now with aggression

The Plague Returns (4x)

Resistance to attacks
Mayhem won't stop
Feelings will never change:
The Thrashing rage!

Plague!
Is back for a strike
Obliteration has just begun
Returns!
For one more assault
Get Infect or Die!
