Dead to me
All this pain has left
Nothing but debris
Another step away
From my broken dreams
Is this the end
Or the beginning
Fuck this shit

I'm sick of walking down
These desperate streets
Every fucking day and
Every fucking week
How can I begin with
This burning inside
Nothing's what it seems
It's all just a lie

You're dead to me
You're dead to me
You're dead to me

I'm sick of all the pain
That's building inside
Nowhere to run
Nowhere to hide
You're the reason
I've lost all hope
Your time is up
I hope you fucking choke
How can I begin
With this burning inside
Nothing's what it seems
It's all just a lie

You're dead to me
You're dead to me
You're dead to me

Now all I see is the
Blood running out
No second chance

No saying goodbye
You're down and out
And you're all alone
It's getting dark
You're getting cold

You're dead to me
You're dead to me
You're dead to me
