"And A Happy New Year"

There is a feeling
This time of the season
the lights and the greetings
they shine like the sun

there is believing
whatever you believe in
cause the gift you're receiving
has been wrapped with love

want to celebrate the holiday
together in the crowd
when the year is through
want to be with you
as we count those numbers down

oh i want to wish you a merry Christmas
and a happy new year
oh i want to wish you a merry Christmas
and a happy new year
to you baby

got so many reasons to be glad this season
the year is completing the new year to come
and the weather is freezing
see the air that you're breathing
but my arms here for squeezing
you fit like a glove

want to celebrate the holiday
together in the crowd
when the year is through
want to be with you
as we count those numbers down

oh i want to wish you a merry Christmas
and a happy new year
oh i want to wish you a merry Christmas
and a happy new year
to you baby

want to celebrate the holiday

together in the crowd
when the year is through, gonna be with you
as we count those numbers down

oh i want to wish you a merry Christmas
and a happy new year
oh i want to wish you a merry Christmas
and a happy new year
oh i want to wish you a merry Christmas
and a happy new year
oh i want to wish you a merry Christmas
and a happy new year
to you baby
