Slowly look away
Afraid to remember
What you couldn't say
You wrote in this letter

Come and take my hand
Don't you understand?
If it's meant to be
Then time will find a way to bring us back together
But in this time and place we are here forever

So we sign our names
Next to each other
As the sky turns grey
From burning the numbers

Come and take my hand
Don't you understand?
If it's meant to be
Then time will find a way to bring us back together
But in this time and place we are here forever

You know you don't always get what you want

Cause summer's passing
The hourglass rings low
So stay up all night
Till we're out of
Time will find a way to bring us back together
But in this time and place we are here forever
