I've heard it all before, you haven't heard a word I've said
Are your lies and all your games, are not for me
Don't even say no more, your empty lies and evil ways
Disrespect and lack of trust I cannot see

All you ever do is cheat on me
But am I too scared yet to see
I just don't want you to ever leave me
Without you I'd be all alone
I'm afraid that you'd be gone
I just don't want you to ever leave me

Your empty promises, you got my back against the wall
Tainted pacts and lack of trust I cannot be
Now I'm out the door, I'm not turning back no more
Now I'll be gone forever I know you'll be

All you ever do is cheat on me
But am I too scared yet to see
I just don't want you to ever leave me
Without you I'd be all alone
I'm afraid that you'd be gone
I just don't want you to.. GOOOO

BRING IT OUT NOW

All you ever do is cheat on me
But am I too scared yet to see
I just don't want you to ever leave me
Without you I'd be all alone
I'm afraid that you'd be gone
I just don't want you to ever leave me
