Yo, yo, yo, this goes out to all my men
At the round table; King Arthur, Lancelot, Merlin,
Gandalf
This one's for you, you gang-bangers, uh

Come on ride with the Wizard Crew
You know what we do, huh

Have you ever started on a Wizard's Crew?
There's a lot of scary magic they'll do to you
I didn't think that all Wizard's could rhyme
Then they pulled out their mics and their colt forty-fives

They looked more like they were Robin's Hoods
But they rapped like they were from Eaglewood
I thought all Wizards lived on castles on hills
But they blasted me away with their lyrical skills

Beware of the Wizard's Crew (Don't mess with the
Wizard's brew)
they'll put a spell on you (They'll put a spell on you)
You don't know what they can do (You don't know, you
don't know)
So here's what I say to you (So)

Jump - Into the fires of Hell
Jump - Into the wishing well
Jump - Everybody yell
Jump, jump, jump, jump

Jump - Into the pit of despair
Jump - 'Cause they're going no-where
Jump - 'Cause they stand and stare
Jump, jump, jump, jump

When the God's came down from the Heaven's above
They tried to scrap our message of peace and love
But the bad-ass Wizard's weren't down with that
So they mustered their guns with every chance they
had

The lady in the lake, she had something to say

When the Wizard's looked her up on the Sabbath day

They proclaimed she was fit enough to toast
And the Sabbath day ended in a maiden-spit-roast

Beware of the Wizard's Crew (Don't mess with the
Wizard's brew)
they'll put a spell on you (They'll put a spell on you)
You don't know what they can do (You don't know, you
don't know)
So here's what I say to you (So)

Jump - Into the fires of Hell
Jump - Into the wishing well
Jump - Everybody yell
Jump, jump, jump, jump

Jump - Into the pit of despair
Jump - 'Cause they're going no-where
Jump - 'Cause they stand and stare
Jump, jump, jump, jump

The Demons rose to take their crown
And tried to bring the Wizard's down
But before the battle could commence
The old men came to their defense

We're gonna jump like it's 1066 Ya'll

Jump - Into the fires of Hell
Jump - Into the wishing well
Jump - Everybody yell
Jump, jump, jump, jump

Jump - Into the pit of despair
Jump - 'Cause they're going no-where
Jump - 'Cause they stand and stare
Jump, jump, jump, jump

Jump - Into my lyrical flame
Jump - This ain't a fucking game
Jump - Ain't gonna be no straight
Jump, jump, jump, jump

Jump - I'll break you with my Nine
Jump - Your head in time
Jump - You better fucking hide
Jump, jump, jump, jump
Jump, jump, jump, jump
Jump, jump, jump, jump

The Wizard Crew know you, they're gonna kill you
