I'm numb to everything thats happening
Can't take my eyes off my TV screen
I follow fashions with my life
I keep changing, but I never get it right

I don't know how to feel
It could be a game
I can't ell if I'm really
Cos I'm just the same

I sit there all day thinking
That I know whats going on
But in the end I'm just
Another Teenage Moron

I couldn't stop it if I tried
It's too late, my brains already fried
I don't need nobody else
I wish I could press a button
And I'd be someone else

I don't know who I want to be
So I'll just take my place
I only always made to be

Another lifeless face

I sit there all day thinking
That I know whats going on
But in the end I'm just
Another Teenage Moron
I think I'm wide awake
When I'm really gone
But I know I'll always be
Just another Teenage Moron

I don't want this fony life
But I'm too far in
It dosen't matter what I try
I'm never going to win

I sit there all day thinking

That I know whats going on
But in the end I'm just
Another Teenage Moron
I think I'm wide awake
When I'm really gone
But I know I'll always be
Just another Teenage Moron
