I'm the one who killed Jesus Christ  
Me is given the sign of evil  
Everywhere and everytime I'll sacrifice  
To murder and torment, that's my will

If somewhere soldiers are dieing in war  
I will be the reason why  
I wanna kill more and more  
That's my desire, burn the sky

See me shine  
I'll fill the world with crime  
That's my will

To murder and to kill

I'm asking for all, wanna the whole  
I have all feelings and minds in command  
The thing I need could be only your soul  
Sign of evil - I'm on the hunt

Nobody knows who I am  
I'm in every soul, but who recognize that?  
So I will lead your feelings and deeds  
The sign of evil is in every mind
