Force fed raging conviction  
Mutilate carnage brought infliction  
Pounding blood lost terror  
Cross my split second decision  
Ignorance brings you pain  
Deviated septum  
Obliteration of this  
Deviated septum  
Cartilage is shoved  
Deviated septum  
Deep into your brain  
Deviated septum  
Watching intentions are the same  
The bound you've broken in the game  
Alone no witnesses to see  
Wiped out your face  
Smashed in concrete  
Brain matter smeared onto the floor  
Crevice open split apart at your skull  
Cold body lesson learned in life  
Deviate your end has made it right  
Brain matter everywhere  
Cold hearted killer don't care  
Crime scene there's not a trace  
Who smashed in his fucking face  
To describe what can be seen  
Faceless body busted spleen  
Cocks off and up his ass  
Severed off with broken glass  
Carcass lies amongst the shit  
Carnage never seems to quit  
Parts are snapped out of place  
Fingers are gone from the waste  
Ghastly figure set ablaze  
Guts entwined a vile maze  
The recognize impossible dead  
Faceless bashed in skull  
Here lies his bashed in skull  
Now lifeless and dead
