The quest for your flesh  
Suffrage is at hand  
Face down, down on the ground  
Brought forth by my mighty sword  
Smell of the blood  
Gleam of the blade  
Impaled your flesh  
Physically grotesque  
Young one I will have your soul  
Virgin in now a whore  
Body barely alive  
Give and take my body writhes  
Hoping that soon you will die  
Brought forth by my mighty sword  
Smell of the blood  
Gleam of the blade  
Impaled your flesh  
Physically grotesque  
Virgin in now a whore  
I'm the one with your life  
Suffrage with deviation  
All I want is to take another's life  
Fucking bloody flesh until  
It is dead  
Brought forth by my mighty sword  
Impaled final attack  
Suffer the whore is dead  
Grateful to release your hell  
Brought forth by my mighty sword  
Smell of the blood  
Gleam of the blade  
Impaled your flesh  
Physically grotesque  
Young one I will have your soul  
Virgin in now a whore
