Practitioners of the perverse
Fucking lifeless cunts
Fill them full of cum
Slice and dice them up
Throw them in the dump

[Chorus:]

One by one I kill them all and fuck their battered corpse
Violating each and every fucking orifice
Every sick thought flowing through my head will be
fulfilled
Through these deaths my destiny will finally be
revealed
I just want to see your fucking cunt
Legs spread far and wide
Smell of pussy gets me high
Cock erect in hand
Busting nuts on dead cold skin
Stupid fucking whore
Got what she was asking for
She is the one who will live out my sick fantasy

[Chorus]
