"My Avenger"

All day I see perfect ignorance

Suffer and regret

Resurrected primal desire

Now shall be the day of revenge "revenge's day"

Die! You abscess of society

You abscess of society

Nothing more I can say

I will kill

Climb the ladder of your security

Passive government

Conformity uniformity

No man's fucking land

If you wonder what drove me insane

If you wanna know who's to blame

Yes you're the one!

I will kill
