Here I am again  
Going to cure the common cold  
Eat away hunger and  
get my movie soul and a...

Gonna teach the world to sing  
Give em' all a hand  
Solve there problems and  
Gonna take a stand

I look around  
come back down  
Try to rearrange it once again

you hold your own  
nervous to be strong  
you got it and you don't know what it is

Once you gain...

Time after time it's the same  
ol' wrong  
Change and you change it's the same  
ol' song

I'm bothered by the fact  
I can not take you back  
It goes on record and  
Multiplies it bad and a...  
I gotta break it down  
to it's smallest part  
put it back together and  
call it art

I look around  
come back down  
Try to rearrange it once again

you hold your own  
nervous to be strong  
you got it and you don't know what it is

Once you gain...

Time after time it's the same  
ol' wrong  
Change and you change it's the same  
ol' song

Once you gain...

Time after time it's the same  
ol' wrong  
Change and you change it's the same  
ol' song

Once you gain...  
Once you gain...

Time after time it's the same  
ol' wrong  
Change and you change it's the same  
ol' song

Time after time it's the same  
ol' wrong  
Change and you change it's the same  
ol' song

Time after time it's the same  
ol' wrong  
you change and you change...you change and you  
change...  
you change and you change...you change and you  
cahnge...  
you change and you change...

One new gain.
