Confide in me,
Do you trust me,
And when I let you down
Beat me,
For I'm the mouth.
Need a shoulder to lean on?
Lonely or tired?
Need a crush to flip?
You're not inspired,
You're not inspired...

Mouse by mouth,
Mouth by mouth
With a mouth to your mouth
I throw my anger on
I keep my anger on
Eyes on your mouth
Mouse by mouth, mouth by mouth
With a mouse to your mouth

They turn unfriendly and now they go,
Cut and scour,
I'll give you a high,
High so high
You really mustn't lose
Really don't love
You don't see that evil lurks within me,
Rever will you know why they hated you so...
Fight fire with fire
Is it a fist is it a glove?

Mouse by mouth,
Mouth by mouth
With a mouth tou your mouth
I throw my anger on
I keep my anger on
Eyes on your mouth
Mouse by mouth, mouth by mouth
With a mouse to your mouth
