

Visceral Bleeding "Spreader Of Disease (Burn The Bitch)"

Visit "[Spreader Of Disease \(Burn The Bitch\)](#)" on MotoLyrics.com

Dreaded fuck face, grotesque
Abomination, to our race disgusting
Fraudulent, putrid hypocrite
Calculating, sinister, corrupt
Dishonest, devious, unclean
Filthy two-faced liar
Rancid whore, spreader of disease

The time is now, time to stop this sick infected whore
Introduce her to reprisal, present the consequences
Of her unclean, dirty, wicked living
Limb by limb, I will deform her
She will not twist another mind
Not lure, deceit, infect, defile

Violent grab, pound her face into the dirt
Mud soaked, hold her down by the hair
She's fighting violent, no breath, panic
Face turns blue, army boot face kick
Numbs of, falling down, passing out
Blood seeps slowly, pitiful moaning

Open hand face slap, she will not pass out
Not escape the pain
Her silent crying swiftly changes to screams of terror
as I start
My work of torture on her torso, breaking ribs and
bruising white skin
Broken bottle glass reflection shows her deformed
face expression
Nose, chin, lips severely damaged, skin and tissue
mixed with her own

Blood, she'll bleed, drain the bitch
Lying in a pool of her infected dirty blood she pleads
for life
Her cries for mercy only fuels my burning hatred, time
to die
Burn the fucking bitch, pain will now transform
Change it's face, become more extreme, progress into
death
Pure vengeance will flow, broad of hate

The urge that has grown strong, stimulate

In my eyes she's nothing but a repulsive vermin, source
of illness

Spreader of disease, burn the bitch

Bring the flame to her body

In convulsing spasm she burns

Skin peeling off, the flesh exposed

Boiling blood expands burst through vessels

Suffer wrath of fire, you disgusting fucking liar
