Yes, yes 3x

[Chorus] 2X

Yes, Yes

Los Angeles fresh, Los Angeles fresh

Yes, Yes, Yes

Los Angeles fresh, Los Angeles fresh, Los Angeles  
fresh

Bright lights, Bus stops, Bike cops,  
Pop locks, Chain linked fence henceforth  
Talent is received,

All sorts of goals achieved reach souls  
Tore down divisions like Berlin straight as poles  
Waving flags you're in tune with maroon moon  
As time flies friendly skies

Visionaries take the red out your eyes  
Truth applies with this application  
Loving is my occupation recycled hesitation  
Back and forth pacing  
Speak bassin' Humans racing  
Loving when they're hating

Taking EVIL flip it backwards to LIVE  
Every time I bust I got something to give  
An individual who remains invisible  
Indivisible my habitual ritual  
Is to uplift all those who are willing  
Living in a city where the devil makes a killing  
Dealing lost angels Material things  
Must've gotcha to hot & burned off your wings  
Mic dreams to pipe dreams  
Better choose the right team  
We're enlightening with what we say  
K-O-O-L will make you L-O-O-K  
In a different type of way for L.A., C.A.

[Chorus] 2X

[2mex]

I am an Indian alien, Alien Indian  
Mexican medicine, messages of oxygen  
I support the EZLN

Be one with God and you will live easier than sleazier  
men  
Love the one you're with  
I repeat love the one your with  
External beauty is just a temporary myth  
Some things always trying take away your gift  
Never walk away wondering if life was fake  
My sister is great, they call me Mr. Mistake  
I kissed this girl on a date I couldn't wait  
She was like chill, It wasn't God's will  
Of Mexican descent I am still
