Just sail away, into deep stormy ocean  
I can't astray cause destination's unknown  
Tempestuous soul, possessed of the will to find you  
Nobody will put me off, doing this way

Enchanted by our never-fading memory  
On winds I ride driven by devouring desire  
I Captured mind, on a journey into nowhere  
Oh take my delirious fear away

Time goes by (and) still I'm waiting  
for you, your goal to achieve  
Although I know that it is in vain  
Just live

Time goes by (and) still I'm waiting  
for me, my goal to achieve  
Although I know that it is in vain  
Just live cause I believe

Gaze at horizon all day long  
Feel hopeless

I'll never know where I belong  
Of no avail to see you again

And when the night embraces my shore with it's dark,  
cold hands  
I'm sure a star will light your way  
My Cast Away

I'm on my own, here in this wet salty desert  
Destiny's wish , may be different from mine

if there's justice in this cruel world, you're unhurt  
Time goes by still I'm waiting  
just live cause I believe

Gaze at horizon all day long  
Feel hopeless

I'll never know where I belong

Of no avail to see you again

And when the night embraces my shore with it's dark,  
cold hands  
I'm sure a star will light your way  
My Cast Away

Cause I believe  
Cause I believe

Gaze at horizon all day long  
Feel hopeless

I'll never know where I belong  
Of no avail to see you again

And when the night embraces my shore with it's dark,  
cold hands  
I'm sure a star will light your way  
My Cast Away

Feel Hopeless...

Of no avail to see you again...

I'm sure a star will light your way  
My Cast Away
