Last Shut Of Your Eyes

Barrier of glass, filled with my tears
Empty space, just no more to hear
Walk alone, I can't get clear
Of those few seconds

Wilted heart, shattered with pain
Spring will never lead me astray
No one's able to fan my flame
Condemn myself

If I had just been able to say I'm sorry
Don't go away, live by my side
Because without of you life is grey
And even sun won't light my day

But now is too late
All those lines are delayed
You'll never cross this street again
You're out of sight

In my dreams I see your face
Every moment seems like whole days
I can't clean up my disgrace

And those few seconds

If I had just been able, to say turn round
Don't go, please stay, stay with me my dear
If I had just been able to say I'm sorry
Don't go away, live by my side
Because without of you life is grey
And even sun won't light my day

But now is too late
All those lines are delayed
You'll never cross this street again
You're out of sight
I will ever be the one to blame
Last shut of your eyes.

Ferries guide you
Guide you all along
Ferries guide you away on the silver waves

Crying heaven turns in seas of tears
Ferries guide you
Guide you out of sight
