Bloody Mary's bleeding again  
Ceramicallly, live on tv, for all to see  
She prayed hard hoping you were the steal  
But you were free  
You were free, you were free

Found a love that can't be broken  
And you know your heart is choking  
When you find you're just a friend in love

Someday soon you'll get to know me  
Then find out I'm just your homey  
Consequences for my friend in love

Once or twice down the lottery hall  
A frozen key, that turns for me, forgivingly  
But the cards you're passing out  
Might not mean business after all  
Aces high, joker's my, destiny

Found a love that can't be broken  
And you know your heart is choking  
When you find you're just a friend in love

Someday soon you'll get to know me  
Then find out I'm just your homey  
Consequences for my friend in love

Someday you'll figure out for yourself

Measuring the golden rule  
That being kind means being cruel  
Homework's done for a grade-a friend in love

Wish I may and wish I might  
Fit your favorite pants tonight  
Pocketing for good my friend in love

But then you'll figure out for yourself  
Friends in love

Knitting up my loneliness

So all you see is party dress  
Stitch me on the inside  
Friends in love
