### "Hand Me Down"

When you're walking and you feel it  
and you can't believe it's real  
it's my love  
You drown in what you're seeing  
as your feet just hit the ceiling  
my love  
Boy, you give me love.

When I'm walking and I need you  
never knowing if I'll meet you  
my love  
You want it, you feel it,  
our hearts are here to steal  
it's my love

Boy you give me love  
Come and get your love  
that's handed down

It stars in every brilliant beat  
in every summer, every street  
in my love  
They got it, you need it  
our hearts are here for bleeding  
my love  
Boy you give me love

Come on and take me  
all the futile goodbyes  
and mirrors and lies  
my love  
'Cause you and I own the same way  
All for you
