[Mila J]

Good lookin' out little homie
Glad that you showed me
Just what he was all about..

[Marques Houston]

Good lookin' out little shorty
Guess she wasn't for me
Glad that I found all this out

[Both]

Good lookin' out
See thats what I'm talkin' about
Cause we both play the game
Never gonna change, all I gotta say is
Good lookin' out

[Mila J]

I remember in the beginning boy I was so sure
I thought I found the one, my search was over
In your case i shoulda judge a book by its cover, oh
yeah, oh yeah
Somethin' told me from the get-go you was the wrong
dude
Well looks good ain't always the best for you
But I'm cool I'm glad I'm seein the real you (aaaaah)
Oh yeah, oh yeah
Now see I thought about it
I had to flip the script and think about you

[Marques Houston]

Well there's no doubt about it, you know I can't deny it
I feel the same, too

[Chorus]

[marcus]

I know you ain't gonna sit here and try to play crazy
Like everything it was my fault, girl that's bologna
Don't point the finger at me we both do wrong, see
Oh yeah, oh yeah

Maybe we both better off being just friends now
I guess it took all of this to figure this out
There was a big lesson learned and that is no doubt
(aaaaah)
Oh yeah, oh yeah
You see I thought about it
I had to flip the script and think about you

[Mila J]

And there's no doubt about it, you know I can't deny it
I feel the same, too

[Chorus]

Bridge:

No girl, no girl, I'm cool
Ain't trippin' on you, Ain't trippin' on you, ain't trippin'
on you
Oh boy, oh boy, I'm cool, I'm cool on you, I'm cool on
you
No girl, no girl, I'm cool
Ain't trippin' on you, Ain't trippin' on you, ain't trippin'
on you
Oh boy, oh boy, I'm cool, I'm cool on you, I'm cool on
you

[Chorus]

[Outro]

Oooooooh
Wooooahhh
Show me, (show me) just what you were all about (just
what you were all about)
That's what you was all about
Good lookin' out
