I knew when I saw you I'd soon take a fall  
You'd have me on my knees but I wouldn't mind at all  
You  
I'm tough enough to know better but still too weak to  
resist  
So go ahead, take your best shot

Knock me down and love me  
Help yourself to a piece of my heart  
Knock me down and love me  
I don't care if you take me apart  
Because you're just so fine  
I don't mind  
If you knock, knock me down and love me  
Knock me down and love me

I ain't got the sense to come in out of the rain  
'Cause a fool in love always loves the pain  
I could have been a contender 'till you walked through  
the door  
Now I'm down on my knees but I still want more  
I give up, baby you win

[Chorus]

Now, sticks and stones may break my bones  
Well you can take my love but just don't leave me alone  
I know this game, I'm bound to lose  
But honey I ain't cryin' the blues

[Chorus]
